

# The **water tape**

## Driller's Water Level Meter

**A Tough Economical Water Level Meter  
Built for Well Drillers**

**T**he durability and low cost of the Water Tape Water Level Meter make it the ideal choice for well drillers.

**All you need in a  
water level meter... for less**

The **water tape** is easy to use, easy to read and easy to clean. The **water tape** has a strong 300ft (100m) measuring tape wound on a tough aluminum reel mounted on a tubular steel frame.

The **water tape** is designed and built to the same high standards as all other HERON products.

## The HERON **water tape** gives you these features for easy use:

- Strong Polyethylene measuring tape reinforced with Kevlar.
- Stainless Steel Conductors
- Full depth rated probe, 5/8in (16mm) dia. stainless steel and Teflon® construction
- Dirt and Waterproof encapsulated electronic module includes a circuit/battery, test button, visual & audible signal and sensitivity control
- Easy access 9V battery and draw
- Durable powder coated tubular steel frame with vinyl hand grip, casing hook, probe holder and large ergonomic brake

The HERON Water Tape has a 12 month warranty backed by HERON Instruments second to none service.

Signal	Audible buzzer and light
Weight	9lbs (4kilo)
Dimensions	14 1/2in x 1 1/2 in (37cm x 27cm x19cm)
